Memories from Friends By Justine Widdison

Mr. Shipp- Some of my favorite events as a kid:

Fishing with my family

Riding bikes in the hills around our house

Catching frogs and tadpoles in the floodway

Swimming

Summer camp

Fun times I've had with other teachers

Taking our classes to Yellowstone Park with the other fourth grade classes

The time all teachers did a mystery scavenger hunt and finished by going to dinner together

Seeing the staff at Hanna Elementary work so well together and watching the kids grow

When I was a sixth grade teacher and the elementary teachers challenged the middle school teachers to a volleyball game.

Mrs. J. Jones- I think one of the best things Mr. Shipp has brought to our school happens several times in a school year. Mr. Shipp is a great principal for celebrating the successes of our students. It isn't a one time thing, it is an on-going practice for him.

Mrs. Scott- One of the best things about Mr. Shipp is that he dedicates everyday to making the students in our schools happy and celebrating everything they do.

Mrs. Strauch- One of the greatest things I've observed about Mr. Shipp is he always seems to look for the silver lining in things. He also really looks to help everyone he interacts with. Whether it be his staff members or the students. Mr. Shipp is a very caring man.

Mr. Shipp sees the good in everybody...he is a good friend which is his greatest gift to me ... Ron Hoopes

Mr. Scott - One of my things about Mr. Shipp is his sense of humor and kind manner. No matter your age from kid to adult alike. Mr. Shipp is driven by what's best for kids from celebrating every accomplishment to instilling a love for education.

Mrs. McKee- When I think of Mr. Shipp, I think of the true meaning of 'kind'. He genuinely strives to model this characteristic with everyone that he meets throughout each day. I know he has imprinted all of us with his kind acts.

Mr. Warren- My favorite thing about Mr. Shipp is his sense of humor. It makes coming to work fun knowing you can laugh and joke. I have appreciated his guidance, support in becoming a better teacher, and his positive outlook on life.

Ms. Felton- Mr. Shipp truly cares about all of his students and his staff! He is always going above and beyond to provide educational and fun experiences for us! He is a wonderful role model and friend.

Mrs. Lee- Mr. Shipp always has a good attitude, every day is a "good day", he will tell you, " I have never had a bad day." I believe his attitude wears off on the staff and students. " Best Day Ever!" We will miss you Mr. Shipp.

Mr. Madsen- One of the best things that I have noticed about Mr. Shipp is that he is very kind. He shows kindness to the students in the building as well as all of the adults, and he tries to make each day great for everyone.

Ms. Sloan - Mr. Shipp is a combination of 2 very important characteristics of a leader - He is kind and he is intelligent. Mr. Shipp is able to lead by example, showing his staff, students, and community that he is not only thoughtful and well-read, but at the root of everything he does as a principal is his love of children.

Mrs. George- The best thing about Mr. Shipp is his genuine care of everyone in the school, staff and students. The thing I will miss the most is his friendship and his great sense of humor.

Mrs. Sutter- Mr. Shipp is one of the most caring people I know. What I will miss the most is his friendship, his sense of humor and our morning meetings.

Mrs. S. Jones - Mr. Shipp is one of the kindest people I know. Something that stands out for me is how he makes sure to welcome students and staff to school every day. Being a principal comes with many challenges, but Mr. Shipp takes the time for all students and adults no matter how busy or difficult his day is.

Book Review by Jared Nelsen

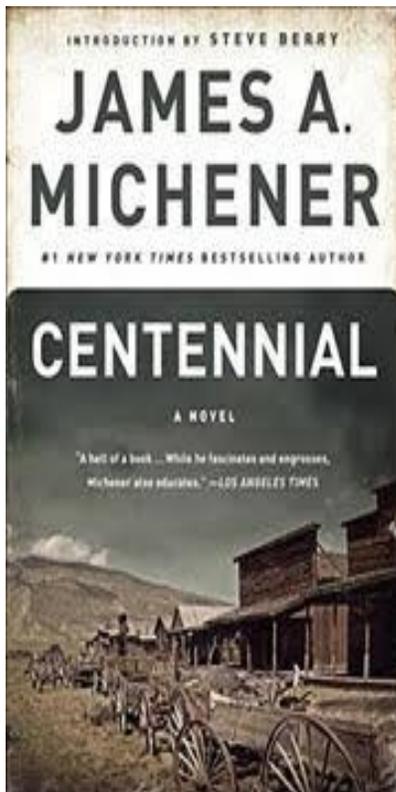

Reading is important to Mr. Shipp like we are to him, so I asked him what was his favorite book. Here it is, Centennial by James Michener.

"Mr. Shipp what is your favorite book and why? Also, What is it about?"

"Hello Jared.

My favorite book is probably Centennial by James Michener. It is historical fiction about the western United States, and I really liked the characters in the book along with learning the history of the area.

The book tells the story of a fictional town in Colorado, though it could have just as easily been in Wyoming. It tells the story of the area all the way from the days of the dinosaurs through present day".

The next day the duck came back and asked the soda jerk for flies again and the soda jerk said I already told you we don't sell flies and if you ask me again I'll nail your bill to the counter. Personal Notes from Shipp Family

I recruited help from our kids so here is a note from our daughter:

My dad has inspired me to pursue the work I do today. My whole life I have watched him work so hard for students, teachers and his community. He cares deeply about making the world a better place. I love having philosophical conversations with him about what learning should look like for students. He believes that kids should be inspired by the natural world and learn through doing. He wants students and teachers alike to be curious, ask big questions, and share wonderful ideas. My dad is a life-long learner and I hope he has spread that energy to your special community. From our conversations over the years, I know he really values working with all of you and at Hanna Elementary School and that you will always hold a special place in his heart.

Personal Notes from Shipp Family

Oh Osc Six-Oh

It was Christmas morn in '56
The Shipp kids find they're in a fix
Their Mom's not home + Dad's gone too
They start to morn what can they do

Then Dad walks in says where he's been
Been at the hospital Mom is in

Your Mom's not sick no flu no pot
She's had a child let's call him Osc

His eyes are big try not to stare
He's either scared or quite aware
But here's the thing I find so weird
I think that baby's got a beard

Osc grew up calm rarely got shook
But now and then he'd change his look
His hair in curls, blonde, brown or black
He'd cut his beard he'd grow it back

He found he loved the small town life
And there it was he found his wife
They joined and said where shall we go
Then Osc decided Big Wyo.

He found his place in a grade school class
But time was nipping
Nowhere to hide nowhere to go
Then Christmas morn he turned six-oh

But cheer up Osc it's not so bad
It's a birthday all yours sibs have had
And lived to see another day
So now let's take the time to say

Happy Birthday

Osc

Principal Notes—NORTHERN LIGHTS

Celebrations!

- With a few exceptions, this has been the best year of student attendance since I have been principal. I have signed more near-perfect and perfect attendance awards than ever before. Of course kids should stay home when they're sick, but since we only have them for 159 of the 365 days, it's important to have them at school when they are well. Thank you!
- On our ski day a few weeks ago, one of the instructors remarked that 20 of our kids were easier to work with than a group of two she had worked with earlier. We have great kids!
- At the combined music program in Saratoga a couple weeks ago, our kids stood out as the most cooperative. We have great kids!
- Sinclair Refinery has donated money to support our kindergarten readiness workshops and recently purchased AED's (Emergency Defibrillators) for each of our schools. We have great community support!

Every day I get to see amazing things. A student grasping a concept that they couldn't the day before. A child helping another child up after falling on the playground. A teacher asking a question which in turn gets a child thinking more deeply than they thought possible. Every day there is something to celebrate. We have great schools!
